HOW TO DOWNLOAD & INSTALL
CARDIOVISUAL

www.cardiovisual.com
info@cardiovisual.com

iPhone

1 On your iPhone, search for "App Store." Tap to open. (To search, place your finger at the very top center of the screen, then swipe down. A search bar will appear at the top of the screen.)

2 With the App Store, open, tap the "Search" icon (along the bottom). Enter "CardioVisual" in the search bar that appears at the top.

iPad

1 On your iPad, search for "App Store." Tap to open. (To search, place your finger in the middle of the screen, then swipe down. A search bar will appear at the top of the screen.)

2 With the App Store open, enter "CardioVisual" in the search bar at the top right of the screen.

3 When CardioVisual comes up, click "Get". Then click "Install." At this point you will probably have to enter your Apple ID & password, so be sure to have it handy. The app will then automatically download.

4 Locate the CardioVisual app on your device and tap to open. (If you need help finding the newly installed app, follow the search instructions in Step 1.)
